

Abby and Grandmother Use Transit To Go To The Store

"Grandmother is going to the store today!" announced Abby. I love to go to the store because I get to see so many things along the way.

Grandmother asked Uncle Ted to use his truck as transit and give us a ride to the store. Along the way we saw Carson giving a ride to his friend Bobby. Bobby was riding on the seat behind Carson and Carson was peddling very fast. Carson and Bobby were riding on transit.

Uncle Ted stopped at the train tracks near town to let the train pass by. I saw many people waving and smiling as they moved past us. Uncle Ted said that the train was another form of transit. We all smiled and waved.
